BY

to the Honorable Judge White

I'm writing you to request if you would please, that you instruct the U.S. Marshalls to please relocate Warren County Jail, to either Jemima for the following reasons. I'm 53 years old and have been locked up for the past 6 months now. My Attorney has informed me that it will be several more months until my trial. It's over 9 1/2 hours out of the way for my wife and family to come visit me. My wife works Monday thru Friday 7am to 3:00 pm, and lives in Atlanta Ga. Visitation here at this jail are only Monday - Friday, No weekend visit at all. Therefore, I am not able to see my family when she comes to town on the weekends.

There is no full time medical staff here, and with my health problems I need access to my inhaler 24/7 which I do not have here and that can be very dangerous. I have Bronchitis w/ emphysema on top of having Copd, prostate problems and Ulcers. I need access to my inhaler, when I ask for it, sometimes it takes them any where from an 1/2 hour, to hours are

the next day to bring me my inhaler. Medical is not good here. This place is unsafe, having 3 people in a 2 man cell with me sleeping on the floor since I've been here is bad for my health.

Judge White. I know that you are a very busy person, and I'm sorry to have bothered you. But with my wife and family having to come 9 1/2 hours away to visit only to find out that they could not on the weekend, only on weekdays. Can you please in some way have the U.S. Marshalls to relocate me to Jennings MO, as well as for my medical reasons, this way I can be closer and see my wife on weekends and have my inhaler on my person and get the medical attention I need.

If you would like to verify you may speak with my wife. # 770-630-3496 Mrs Marie Patrick.

And again, thank you for taking the time out to consider my matter

Sincerely

Ronzo Patrick
